Saturday Games Classes

Las Vegas

The objective is to accumulate as many points as possible in the allowed time by running sequences of varying point value. In this variation, the sequences are overlapping to some degree, necessitating control to avoid off-courses. To earn points, the dog must complete the sequence without fault. Faulting an obstacle negates the value of the sequence. You must return to the start line to begin any sequence. Refusals and weave pole errors are not faulted. No points will be

awarded for partially completed sequences. Knocked bars will not be reset and no points will be awarded for partially completed sequences.

Just In Time

Just In Time is a game of timing and daring. It's identical to the point-accumulation period of the Gamblers class, as played in venues like the USDAA and TDAA, because the dog must be directed to begin the distance challenge *after* the time whistle. This game is designed to reward the timing element. The objective of this game is to arrive at the table as quickly as possible after the expiration of the point accumulation period. The dog has only 30 seconds to score points. This is a "dog's choice" game. The dog can perform obstacles in the order and direction of his choosing (hopefully, with some collaboration from the handler). Obstacles can be performed only twice for points. Back-to-back performances are permitted. If the dog arrives at the table before the 30second whistle, time stops and no time bonus can be earned.

Sunday Games Classes

Pole Jacks Pole Jacks is played like the children's game of jacks. The performance of a short set of weave poles is the bounce of the ball. All other obstacles on the course are jacks and have specific point values. After the "bounce" (doing the weave poles), the team must "pick up" the appropriate number of jacks by scoring an equivalent number of points. The handler and dog team will bounce "onesies," bounce "twosies," bounce "threesies," and so forth until either they reach bounce and "sevensies" or time expires. The dog's time begins when he first makes a "legal" entry into the weave poles, entering between pole #1 and pole #2 from right to left. The dog's time ends when he gets on the table or crosses the finish line. The SCT shall be 60 seconds for big dogs and 55 seconds for small dogs. The end-of-time whistle ends scoring only; the clock continues to run until the dog crosses the finish line or goes to the table. After the time whistle, there will be no fault and no points for the dog taking additional obstacles on the way to the table or finish line to stop time. The dog must pick up points equaling the number for which the team is shooting after the bounce. For instance, if the team is shooting for 6, they could do a jump and the teeter or they could do a tunnel and the tire. No obstacle may be taken back-to-back on the same pick up. However, an obstacle may be repeated in the same pick-up. Two sets of weave poles are available on this course. Either can be used to start time and either can be used for a "bounce."

Jumplers

Jumplers is a two-part game: dog's choice point accumulation followed by a distance challenge. The objective of Jumplers is for the dog-and-handler team to accumulate as many points as possible in the allotted time and successfully complete the distance challenge. Jumplers is scored Points, then Time.

Disclaimer: Judge's briefing on day of trial supersedes any previous briefings.

ELIGIBILITY: This trial is open to all dogs 17" and under at the withers and over the age of 12 months, except bitches in season, aggressive dogs, or dogs suffering from any deformity, injury, or illness, which may affect a dog's physical or mental performance. Dogs do not have to be registered with TDAA before the trial. Dogs can register for TDAA on the day of trial. These dogs will have pending numbers until their TDAA number is issued.

THE FOLLOWING IS A LIST OF OBSTACLES THAT WILL BE USED:

A-frame: 6'8" plank length, slatted
Weave poles
Single and winged jumps 36" wide
Tire Jump: 19" diameter

Teeter: 8' plank length, not slatted
Table
Open (Pipe) Tunnel: 16" diameter
Dog walk: 8' plank length, not slatted

All contact equipment is rubberized.

Notice to Exhibitors

The safety of the dogs is our primary concern. By entering this trial, exhibitors acknowledge that they are familiar with the rules and regulations of this sport, and that their dogs are familiar with and able to perform all obstacles safely.

All dogs must be on leash or crated at all times except when in the ring. It is expressly understood that exhibitors alone are responsible for the behavior of their dogs and/or children. Any exhibitor whose dogs and/or children create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior may, at the discretion of the Trial Committee, be asked to leave the trial site. In such case, no refund of any fees paid will be made.

Food and toys are not permitted in the course area and handlers are not allowed to use whistles or other instruments or devices.

Exhibitors are responsible for being at the ring gate when it is their turn to run.

Exhibitors may wear shirts or insignia of their training group if they wish.

At the handler's option, the dog may wear a flat (buckle or quick release) collar without tags or other attachments. Choke collars, pinch collars, electric and dummy electric collars are prohibited.

Unsportsmanlike conduct, including rough handling or misconduct of any kind, will result in an excusal from the ring.

Snacks and drinks will be available at the trial. Lunch will be available on site for Saturday and Sunday.

There will be a dog potty area provided. Please pick up after your dog. Plastic bags and garbage receptacles will be provided.

Moving up to the next class

Dogs may be moved up to a higher class at the request of the owner, as a result of qualifying for an agility title, provided that the request is made to the Trial Secretary in writing or by email, no later than Monday, April 25, at 6:00pm. Move ups over the weekend will be accommodated, provided the information is provided before the beginning of the higher class.

How the Fast Track Move-Up Works

Titles may be grandfathered from other organizations on a "Fast Track" basis. A dog with a higher title from another organization may move up on the same day to the next level of TDAA competition with a qualifying score. It is possible to move up from Beginner to Superior on the same day, if the dog qualifies first in Beginner, and then qualifies again in Intermediate. Likewise, the dog can move up from Game I to Games III by earning qualifying scores in each of the lower two levels.

A qualifying score in the lower class is required to move up to the next higher class. **The dog's owner must submit a copy of title certificates for the dog.**

Please mark each of the following that apply:

Move up from Beginner to: Intermediate Superior

Move up from Games I to Games II Games III

Submit \$8.00 with a class move-up request and attach this form. Payment of the \$8.00 is no guarantee that your dog will qualify at the lower level and is non-refundable. This payment must be paid even if it was paid for an earlier trial.

At the handler's option, dogs may be entered in a higher height division, but not in a division lower than their proper height division. Dogs that run in a height division lower than their proper division will be eliminated. Provisional dogs must be measured by a judge. To figure leg to shoulder ratio: Height from the elbow to the ground ÷ height at the withers = % (ratio). If that percentage is less than 50% and meets the height requirement then the dog can jump at the next lower height. Dogs without a TDAA height card will need to be measured at the trial.

- 12" jump height – Restricted to dogs measuring 15 inches and under at the withers • 16" jump height – Restricted to dogs measuring 17 inches or less at the withers.
